HUDSON CITY DIRECTORY (1932-33)

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

## INTRODUCTION

R. L. POLK & CO., publishers of the Hudson City Directory, as well as more than 750 other city, county, state and national directories, present to subscribers and the general public, this, the 1932-33 edition of the Hudson Directory, which also includes Claverack, Stottville and the rural routes pivotal from the Hudson Post Office.

Confidence in the growth of Hudson's industry, population and wealth, and in the advancement of its civic and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Hudson to the world.

The enviable position occupied by R. L. POLK & CO.'S directories in the estimation of the public throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Hudson Directory will fulfill its mission as a source of authentic information pertaining to the community.

### Six Major Departments

The several essential departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 11 to 17, presents a variety of information, such as lists of city, county, state and federal officials; post office directory, and statistical review.

THE STREET AND AVENUE GUIDE, showing the names and locations of all streets in Hudson, extends from page 18 to page 20.

THE BUYERS' GUIDE, pages 21 to 32, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Hudson and vicinity. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and, as such, merits a survey by all buyers eager to familiarize themselves with sources of supply. The community's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like Hudson, the necessity of having this kind of information immediately available, is very great, and frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations of Hudson is included in pages 33 to 188. A feature of this section is the inclusion of the wife's name in parentheses following that of the husband. A similar list for Claverack is contained in pages 193 to 200, and for Stottville, in pages 201 to 213.

THE HUDSON RURAL ROUTES DIRECTORY appears in pages 189 to 191.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 215 to 256. This department lists the various manufacturing, mercantile and professional interests of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

#### Community Publicity

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Hudson and vicinity, for business men, everywhere, realize that the city directory represents a community as it really is. There are more than 450 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which R. L. Polk & Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,  
Publishers.

## The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

# *Polk's Bankers Encyclopedia*

## **MOST CONVENIENT AND COMPLETE BANK DIRECTORY**

This bank directory of the world includes reference data of every-day practical importance no other bank directory offers.

It is the only bank directory which gives bank statements in detail, including items of capital, surplus, undivided profits, analyzed deposits, together with the usual asset items of loans and discounts, due from banks, cash and exchange and segregation of bonds. It also reports the quotation of bank stocks and dividend rates. Among other features it gives the clearing-house rules of all cities having such associations, the names of their officers, and the city officials. It reports the names and location of national bank examiners and state bank superintendents and examiners. It has a complete list of members of the Investment Bankers Association and principal stock exchange members, dealers in commercial paper as well as a selected list of general investment dealers.

The usual features such as laws regulating banking and banking practice, directors of banks, reliable attorneys, accessible banking towns, maps of the various States and Canada, are conveniently presented.

This publication is issued in March and September each year.

**Price \$15.00 per copy**  
In Canada and Foreign Countries \$20.00

## TRADE! You like

to patronize those concerns  
who are in business to stay.

It's human to expect that such busi-  
ness establishments always stand  
back of the wares they sell.

The advertising in this Directory is  
suggestive of the stability and per-  
manency of the advertisers.

Frauds, fakes, get-rich-quick and  
other schemers have little use for  
directory advertising. It lives too  
long.

The modern City Directory is a  
business institution. It occupies a  
place peculiarly its own. It is as  
necessary to the progress and de-  
velopment of a city generally as  
anything naturally would be which  
deals with such a fundamental as  
the citizens themselves.

If you are not advertising your busi-  
ness in the Directory, may we ex-  
plain how and why it will pay you?
